

As previous years in 2024 Pakistan hypertension league sahiwal chapter remained active in awareness activities regarding hypertension and cardiac diseases.

Throughout the year we delivered lectures in different schools, including the City school sahiwal, the Educator College to educate our younger generation about prevention of cardiac diseases.

We celebrated work hypertension day with full spirit. A walk was arranged in Sahiwal teaching hospital. Principal sahiwal medical college Prof Imran Hasan Khan and all leading Cardiologists of town along with other faculty members joined us, along with paramedical staff and pharmaceutical companies.

Cake cutting ceremony done and doctors distributed fruits to patients.

Free medical awareness camps were done in different part of cities.

May Allah accept our efforts.

Dr saima naz Alam

Chapter coordinator
